"Angie! Don't shoot me any more."

A moment later Dr. Butler exclaim- ...:

"My God! Angie, what will become ... you when you die?"

The witness said that she herself called to Mrs. Birdsong to stop shooting.

This witness said that there was no truth in a report that she had informed Mrs. Birdsong of stories about the latter's character alleged to have been circulated by Dr. Butler. The prosecution went into details about the nature of the physician's wounds and then rested its case.

The defense immediately called as its first witness the defendant's mother-in-law, Mrs. S. F. Birdsong. The latter testified that the defendant after the birth of her last child had shown signs of insanity, and that these symptoms were repeated about the time of the killing. The mother-law said that Mrs. Garrett, who had testified for the state, called upon Mrs. Birdsong a few days before the tragedy and that after this visitor's departure Mrs. Birdsong remarked that if she found that Dr. Butler had told ill stories about her she would kill him. Witness said Mrs. Birdsong had been out at night only once during the period the stories referred to and then the defendant had gone for medicine at witness' request.

Other witnesses told of Mrs. Birdsong's attempt at suicide a few days before the shooting.

Mrs. Birdsong's defense is emotional insanity.

Noted Commander Dead.

Tampa, Fla., Dec. 10.—John C. Brain, of the confederate navy, died Saturday morning of paralysis. He was commander of several of the confederate war vessels during the civil strife, and it is he who commanded the blowing up of of St. Mary at the port of Antonio, Jamaica. He, after the civil war, went to England but returned and was arrested by order of Gideon Wells, secretary of the navy, and was held until March, 1869, being the last confederate prisoner to be released.

DOUBLE KILLING IN GREENVILLE

Negro Ran Amuck in a Mississippi Town.

Greenville, Miss., Dec. 10.—Two persons dead, two seriously wounded and two slightly injured, is the result of a bloody fight which occurred here shortly after noon Friday.

Felix Holman, a negro hailing from Arkansas, shot and killed Celina Holman, a negress, in Pratt's negro boarding house. Officer H. A. Abercrombie, with B. Coffer, William Vaught and Enoch Thompson, entered the boarding house to arrest Holman. The negro had two pistols and fired upon the arresting party.

The first shot passed through Thompson's breast killing him instantly. Another shot struck Acting Officer Coffer in the body and he is in a precarious condition. Officer Abercrombie, the oldest policeman on the local force, had his right thigh shattered by a bullet from the negro's revolver. He is seriously injured. M. Wainer, a business man, was hit by a bullet in the leg, but is only slightly hurt.

After emptying his pistols at the party the negro, fled from the boarding house and was fired upon by officers and citizens. He was finally driven into a warehouse and after a threat was made to burn him out of his hiding place, he surrendered to Sheriff Crouch and was lodged in jail. Holman was shot in the arm.

Twelve Miners Die in Shaft.

Laredo, Tex., Dec. 10.—News has just reached this city from Monterey, Mexico, of a mine accident, which occurred on Tuesday last, at the Avino mines, and which resulted in the death of twelve Mexican miners, at work in the shaft. Had it not been that the entire force of me nemployed in the mine had not commenced their labors for the day, a number of the others might have been killed. The accident occurred at an early hour in the morning. According to the best available information, the accident was due to carelessness of some one in letting a big flow of water into the lower level, where the men were drowned. They were caught as rats in a trap by the immense flow of water, caused by the opening of a flood gate, and had no chance of escape. The authorities will make a rigid investigation of the accident and will endeavor to fix the responsibility.

Answer Made by Southern.

Washington, D. C., Dec. 10—The Southern railway has filed with the interstate commerce commission its answer to the charges of excessive freight rates on furniture shipments and complaints against the character of the cars furnished for such shipments. These complaints were filed by the furniture dealers of Georgia, and other southern states. The road declares that no reasonable objection can be made to the character of cars supplied to furniture manufacturing It also claims that freight charges are not higher than they should be. Representatives of the railroad company and furniture manufacturers will be given a hearing by the commission within the next five days.

Will Protect Telegraph Facilities.

New Orleans, Dec. 10.—The Illinois Central railroad has inaugurated a movement for protecting telegraph facilities which is expected to be of benefit to business of the entire southern Mississippi valley. This work announced Friday night by G. H. Groce, the newly appointed assistant to the general manager of the Illinois Central is the cutting down of trees not only on the railroad right of way, but also on private property adjoining so that no falling tree can strike the wires. In storms of this and former years falling trees have crippled telegraph service sometimes throughout the entire south.

CONVICT GOODS MAY BE BARRED

House Passes Bill Which Allows States to

EXCLUDE AT OWN PLEASURE

House Adjourned Friday Until Monday, After Making Legislative, Executive and Judicial Appropriation Bill a Special Order.

Washington, Dec. 10—At 3 o'clock Friday the house adjourned until Monday, having during the legislative session passed several bills and received from the committee on appropriations, the legislative, executive and judicial appropriation bill.

That bill was made a special order for Monday, no day having been fixed for the vote on it. During the three hours the house was in session is passed a bill, which has the enthusiastic endorsement of labor, as well as manufacturers generally, repealing that portion of the Wilson interstate commerce bill relative to convict-made goods and permitting the several states to legislate for themselves as to their competition with "free labor" made goods. A bill was also passed creating a game preserve in the Olympia mountains in Washington.

By a practically unanimous vote the house passed the bill limiting the regulation of interstate commerce between the several states in articles manufactured by convict labor or in any prison or reformatory. The bill was introduced by Mr. Hunt, of Missouri, a practical stonemason.

Under the Wilson bill, which became a law in 1890, convict labor-made goods may enter into active competition with goods manufactured by "free labor" and under this federal law a state could not pass a law that would prevent the shipping into the state prison made goods of other states. The law passed Friday abrogates the interstate commerce law, as at present applied to convict-made goods, thereby affording to the different states and territories the right to inhibit the shipping of convict-made goods within the confines of any states or territory.

Mr. Hunt asked for its passage not only for the interest of the free labor but in the interest of the manufacturers. He said it was an attempt to curb the criminal competition of the penitentiary with the free labor of the country.

"It is cruel," he said, "to ask the free labor of this country to maintain its dignity and its self-respect, if it has to wait until the product of the state prison is sold before the employer can get a reasonable price for his honestly manufactured products."

Other speeches were made by Sherley of Kentucky, Gaines of Tennessee, Henry of Texas and Grosvenor of Ohio.

The Democrats in the house opposed the consideration of the bill conferring United States citizenship on the inhabitants of Porto Rico. Chairman Cooper, of Wisconsin, under the call of the committees, called the attention of the house to the erroneous positions of the bill on the union calendar, insisting that its proper place was on the house calendar.

Mr. Clark, of Missouri, leading the minority, objected to its transfer but Speaker Cannon decided with Mr. Cooper that it properly belongs on the house calendar, which would give it a different status than on the union calendar. The chairman of the committee on insular affairs attempted to have it called up for consideration. Again Mr. Clark protested, insisting that the house had a right to have notice of the possible consideration of the measure. The speaker sustained the protest, and the bill went over.

The discussion disclosed a determination of the Democrats to fight the measure whenever possible.

With an appropriation of $2,000,000 and provision barring "simplified spelling" in documents ordered by congress, the legislative, executive and judicial appropriation bill for 1906 was reported to the house by the appropriations committee, which was made a special order for Monday.

The amount carried by the bill is $685,8422 less than the estimates. The appropriation for the current fiscal year aggregated $30,168,485. The entire number of salaries carried in the bill is 14,727 or 220 less than included in the estimates therefor, and 29 more than provided for the current year. An increase from $1,2000 to $1,400 is made in the alowance to members of the house for clerk hire, and the requirement that members certify they have spent this amount is omitted. The apropriations for miscellaneous expenses for the year is cut from $100,000 to $50,000. The salary of the secretary to the speaker is increased from $,000 to $4,000.

MEXICANS SHOT FOR PILLAGING.

None of the Dead Bodies at Clifton Rescued.

Solmonville, Ariz. ,Dec. 10.—Reports from the flood stricken city of Clifton indicate that while the water has subsided the town is paralyzed by pools of mud and smelter and sediments. No definite list of the dead can be obtained. The first rush, which came soon after dark Monday night, formed a dam of wreckage, and threw fierce currents over the town. The store of the Arizona Copper company, carrying a half million dollars' worth of stock, was flooded five feet deep. The smelter works built over the stream were wrecked and six miles of the track of the Colorado branch is destroyed . The tracks of the Arizona and New Mexico railway are under three feet of slime.

The city is under strong guard to prevent vandalism. Much suffering among the poorer classes is becoming manifest, business is at a standstill and one telephone wire is the sole connection with the outside world. No bodies have been recovered, and the complete death list never can be ascertained. The damage is estimated at $200,000.

Much pillage is now going on, and several Mexicans have been shot. The town of Metcalf, north of Clifton, was also damaged, but no lives were reported as lost.

Ploughed Way Through Them.

New York, Dec. 10.—A theater train on the New York Central and Hudson River railroad about midnight Friday, ploughed through a gang of workmen on the Harlem river bridge, of the New York Central and Hudson river railroad, instantly killing one of the men and fatally injuring another. The workmen were installing a signal system on the third rail system for the Central electric trains. The man killed was John Kaiser, address unknown and the man fatally injured, John Baumgarten, of 67 East One Hundred and Seventeth street. The train that struck the two men did not stop. After the accident became known all trains were held up until the foreman of the gang had called the roll of his men to ascertain if the others were safe.

Grover Cleveland Is Ill.

New York, Dec. 10—Grover Cleveland is ill at his home in Princeton of acute indigestion. He has been sick a week and still remains unimproved. His physician, Dr. Carnochan, said that Mr. Cleveland was not in a very serious condition, but was in pain. Asked if Mr. Cleveland was suffering from nothing except indigestion, he replied: "I have no knowledge of anything else." He also said Mr. Cleveland had been ill for some time and only by the most extraordinary effort had he seen Mr. Carnegie, who called Wednesday. "We expect Mr. Cleveland out in a few days," continued Dr. Carnochan, "but I can't tell exactly when."

Endorse Beveridge Bill.

New York, Dec. 10.—At a mass meeting of the board of trustees of the national child labor committee held here, the board took final action on the proposed national child labor law. Resolutions were adopted endorsing the Beveridge bill in substance as a national child labor law, and eulogizing the late Samuel Spencer, president of the Southern railway, who was one of the trustees of the committee.

SPENCER SUCCEEDS SUPT. A. L. GLASS

New District Superintendent Will Assume Duties Immediately.

HEADQUARTERS IN THIS CITY

General Superintendent Ford States That There is No Foundation to Rumor That Offices Would be Transferred to Jacksonville.

From Sunday's Daily Sun.

The Times-Union of Saturday announces the appointment of L. S. Spencer, for some time superintendent of terminals at Jacksonville, to succeed Superintendent A. L. Glass of the Gainesville district, resigned. The appointment of Mr. Spencer was currently reported in this city Friday, but, while the information was regarded as a certainty, it could not be verified at the district offices here.

In connection with this appointment, The Times-Union adds:

"With this appointment comes the announcement, or rumor, that the Gainesville district office, with the force of some ten or twelve employes, will be transferred to Jacksonville, where Supt. Spencer's offices will be located.

"H. O. McArthur, former trainmaster of the Jacksonville district, succeeds L. E. Spencer as superintendent of terminals here.

"J. F. Council, superintendent of the Norfolk district, is to succeed Z. Middlebrook, superintendent of the Lakeland district, with headquarters in Lakeland, Mr. Middlebrook having been assigned to other duties.

"These appointments, it is announced, will take effect December 10.

"With the announcement of these appointments it was learned that A. L Glass resigned to accept a position with Chase & Co., near Gainesville, who are large phosphate dealers."

Headquarters to Remain Here.

There is evidently no foundation to the rumor, or announcement as The T.-U. pleases to term it, to the effect that the headquarters of the Gainesville district will be moved to Jacksonville. General Superintendent Ford arrived in this city Saturday. He was seen at the offices of the Coast Line and asked as to the correctness of the rumor, when he replied that there was nothing to it. Mr. Ford admitted, however, that two or three men from the train dispatcher's office would be transferred, but that would be the extent of the change as far as Gainesville is concerned.

Superintendent Spencer will arrive in the city today, and will assume his duties tomorrow.

The Barlow Minstrels.

From Sunday's Daily Sun.

The famous Barlow Minstrels, under the ownership and direction of J. A. Coburn, appeared to a fine house last night, notwithstanding the fact that it was Saturday, when many found it impossible to leave business.

The show, which was always a favorite here, was up to its standard of excellence, and the various features met with hearty applause. The program was considerably lengthened, owing to the numerous encores to which the performers responded graciously.

The big show this year is better than ever, if such a thing could be possible, and those who attended were well pleased.

Pliny's Jewel Stories.

Pliny declares that a diamond was so hard that if placed on an anvil and struck with a sledge hammer it would give back a blow of such force as to shiver both anvil and hammer to pieces. Another of his wonderful tales states that "on the shore of the island of Cyprus there was a stone lion having eyes formed of emeralds, which shone so brightly that all the fishes were ingloriously frightened away. The fishermen accordingly pulled the emeralds out and put in glass eyes instead, whereupon the wise fishes became bolder and returned to their accustomed nets."

Trantham-Jennings.

On the evening of Sunday, December 2, at 6 o'clock, at the home of the bride's parents, Mr. and Mrs. B. S. Jennings, Fairfield, Miss Florrie Geneva Jennings, one of Fairfield's popular young ladies, was united in the holy bonds of matrimony to Melvin M. Trantham of Fort Myers. Rev. Mr. Price, the Baptist minister of Flemington, officiating.

Miss Lula Thomas and Robert Thagard of Reddick, Miss Ruby Nettles and Elbert F. Mitchell, were the attendants.

The bride was charmingly attired in a dress of white and light changeable silk, trimmed in ribbon and passementerie. The groom wore the conventional black.

After the ceremony the guests enjoyed a sumptuous wedding supper.

Mr. and Mrs. Trantham left on the early A. C. L. train Tuesday. They will visit several points of interest on their honeymoon, before settling down at their future home in Fort Myers, where the groom holds a responsible position.

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, causing catarrh of the bladder, or the kidneys themselves break down and waste away cell by cell.

Bladder troubles almost always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's **Swamp-Root**, the great kidney, liver and bladder remedy.

It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

ALACHUA COUNTY SCHOOLS.

List of Prizes Awarded Educational Institutions At State Fair.

Superintendent Dr. J. L. Kelley of the Board of Public Instruction for Alachua county has furnished The Sun with the list of prizes awarded the schools of the county at the recent State Fair, which is an excellent showing, considering the fact that only a very brief time was devoted in getting up the exhibit. Had it been decided a month earlier to enter the contest, the result might have been very different; but as it is, Alachua county has nothing to be ashamed of.

It will be remembered that the premium list of this fair did not provide for quality alone, but "for the largest and best." Owing to the longer time put in by other counties in collecting and preparing their exhibits, it was natural that the quantity should succeed that of Alachua county.

Alachua school, No. 23, was awarded the prize for making the largest and best individual junior high school exhibit; amount, $25. The Alachua school was also awarded The Times-Union prize for the best-written junior high school work; amount $25. This school also received a prize of $2 for the best specimen of vertical penmanship; also the best map drawing by grammar school pupil, amount, $2.

The Gainesville High School was awarded a prize for the best specimen of pen and ink work by grammar school pupil, $2; also for the best specimen of free hand drawing by pupil of the commercial department of public school, $2; also a prize for the best map of five counties by Sixth grade pupil; also a prize of $2 for the best collection of pictures characteristic of Europe; also $2 for the best collection of glass-work in numbers by any First grade pupil. The names of the successful pupils will be published later.

The prizes earned by individual schools and pupils will be delivered when a check is received from the Fair Association.

A Miraculous Cure.

The following statement by H. M. Adams and wife, Henrietta, Pa., will interest parents and others. "A miraculous cure has taken place in our home. Our child had eczema 5 years and was pronounced incurable, when we read about Electric Bitters, and concluded to try it. Before the second bottle was all taken we noticed a change for the better, and after taking 7 bottles he was completely cured." It's the up-to-date blood medicine and body building tonic. Guaranteed. 50c and $1 at all drug stores.

The New Pound.

After several months' endeavor to secure a new pound—at least to have a new pound built—for the care of cows placed under arrest, the city has a new "cow jail," which is located on East Masonic street, near the county jail, where two-legged offenders may peep through the bars and console with their associates of more inoffensive nature.

The new pound has been completed, and will be used in future for the imprisonment of cows who insist on offending the city ordinance by running at large. The old pound on East Liberty street will be abandoned.

Children's

Favorite tonic is White's Cream Vermifuge, the cure for worms and all children's diseases. It not only kills the worms, but removes the mucus and slime in which they build their nests. Its action on the child is mild and leaves him in a healthy condition. Joe Daniel, Sarmac, Tenn., says that he gave one of his children White's Cream Vermifuge when the doctor thought it had colic, and from the first dose the child passed 73 worms. For sale by W. M. Johnson.

President Atkinson Returns.

C. N. Atkinson, president of the Gainesville and Gulf railroad, who has been in New York and other points East for the past few weeks, returned to this city Friday morning. He was accompanied by three gentlemen, whom it is said are stockholders in the road. They expect to remain in this section for sometime looking over the territory which is already traversed, and which is is proposed to traverse by the extension.

Notice to Our Customers.

We are pleased to announce that Foley's Honey and Tar for coughs, colds and lung troubles is not affected by the National Pure Food and Drug law as it contains no opiates or other harmful drugs, and we recommend it as a safe remedy for children and adults. J. W. McCollum & Co.

CATARRH A UNIVERSAL BLOOD DISEASE

Catarrh is usually worse in Winter, because of the cold, damp and suddenly changing climate. Colds are contracted, and neglected and as the secretions from the different inflamed membranes are absorbed into the blood the unpleasant symptoms of the disease commence. The nostrils are stopped up and a constant dropping of mucous back into the throat keeps up a continual hawking and spitting. The patient has dull headaches, ringing noises in the ears, and often slight fever and a depressed, half-sick feeling accompanies the disease. The blood becomes so fully charged with catarrhal matter that stomach troubles are brought on, the kidneys and bladder are affected, and if the blood is not purified of the poison the lungs become diseased because of the constant passage of impure blood through them. Catarrh cannot be cured with washes, sprays, inhalations and such treatment; these cannot reach the poison-laden blood where the real cause is located, and can only give temporary relief and comfort. A disease which affects the entire blood supply as does Catarrh, must be treated with a blood purifier. S. S. S. is the best remedy for Catarrh, which has grown to be a universal disease. It goes to the bottom of the trouble, rids the blood of the catarrhal matter, reinvigorates the circulation, and cures this disgusting disease permanently. When S. S. S. has purified the blood every part of the system receives a supply of fresh, healthy blood; then the inflamed membranes heal and every symptom of Catarrh passes away. Write for our book containing information about Catarrh, and ask for any medical advice you desire. No charge is made for either.

ANOTHER FACTORY FOR GAINESVILLE

This City Destined to Become a Harness Manufacturing Center.

WORK TO BEGIN AT ONCE

Superintendent Pitt is Now Busily Engaged in Arranging For the Opening Work to Begin With Three Harness Makers, But Number to Be Increased.

Gainesville has another manufacturing enterprise which, if given the proper encouragement in the matter of trade throughout the State, is destined to become one of the largest and most extensive industries in this section.

The W. R. Thomas Harness and Manufacturing Company is the name of the new concern, and it is no myth, for operations have actually begun. The foreman of the establishment, W. R. Pitt, of Newnan, Ga., has been busy for the past two days arranging the plant and setting what machinery which has already arrived in position, and as soon as this is accomplished three harness makers will be employed as a beginning.

Mr. Pitt is himself a practical harness manufacturer, having been for twenty-one years superintendent of the large harness factory in Newnan, which is said to be the biggest thing of its kind in the Empire State of the South. He will act in the same capacity for the local factory.

Going At It Right.

"We are going into this thing right," remarked Major Thomas, in referring to the venture Tuesday. "I have for sometime noted the demand for a harness factory in this section, with the result that I have decided to establish this enterprise here. We will begin operations at once with three first-class workmen, and if the trade warrants throughout the State within the next twelve months we will have a factory employing from fifteen to twenty harness makers, using the most modern machinery, and turning out quality as well as quantity of harness of all descriptions that cannot be surpassed in the South."

The factory at the beginning will be equipped with the latest machinery and appliances for the manufacture of harness of every description. The goods will be immediately placed upon the market, a traveling salesman will be employed, and the facilities will be increased as the demand requires.

The factory will be located in the Miller block, West Liberty street, opposite the immense Thomas stables. It is expected that the plant will be in operation by the beginning of next week.

REV. FALKENBURY DEAD.

Former Resident of Gainesville Passed Away in Tampa Saturday.

Rev. D. A. Falkenbury, a former resident of Gainesville, died Saturday, December 1, at the residence of his daughter, Mrs J. H. Strickland, 607 Cotton street, Tampa.

Rev. Falkenbury was born in Whitehall, N. Y., and had been a resident of Tampa for the past four years, moving there from Gainesville. He had been in the ministry for sixty years, and had reached the ripe old age of eighty-seven years. He leaves a wife, three sons and two daughters. The children are Mrs. J. H. Strickland and D A. Falkenbury, Jr., of Tampa; J. J. Falkenbury of Limona; M. C. Falkenbury of Miami, I. T., and Mrs. James Johnson of Montana.

The funeral took place Sunday at 2 p. m. from the Strickland residence, and was conducted by Rev. Joseph Sherouse of the Advent church.

Asthma Sufferers Should Know This.

Foley's Honey and Tar has cured many cases of asthma that were considered hopeless. Mrs. Adolph Buesing, 701 West Third St., Davenport, Iowa, writes: "A severe cold contracted twelve years ago was neglected until it finally grew into asthma. The best medical skill available could not give me more than temporary relief. Foley's Honey and Tar was recommended and one fifty-cent bottle entirely cured me of asthma which had been growing on me for twelve years. If I had taken it at the start I would have been saved years of suffering." J. W. McCollum & Co.

Will Buy New Cars.

Superintendent J. B. Cutler of the Gainesville and Gulf railroad has gone to Atlanta in his private car, where he went to arrange for the purchase of one hundred new freight cars for his road.

The business of the Gainesville and Gulf has increased to such an extent that the present supply of cars was entirely inadequate to handle the traffic, but if such a thing is possible the management hopes to remedy this embarrassment within a short time.

FROM PROF. CASON.

Is Well Pleased With Southern Baptist Theological Seminary.

Prof. P. Quintius Cason of Hague, one of Alachua county's former well known and efficient teachers who is now a student of the Southern Baptist Theological Seminary, Louisville, Ky., writes an interesting letter to The Sun, renewing his subscription.

Among other things, Prof. Cason says:

"I have always heard that turkeys were very pious fowls, and I now believe it, for a goodly part of thirty-three of them entered the ministry at the dining-rooms of New York Hall, Southern Baptist Theological Seminary, yesterday. Yes, the professors and their wives and all the students and their families dined together Thanksgiving day. It was an exceedingly pleasant occasion, and nearly 400 were present.

"This is a great institution, and every young Baptist preacher in the great Peninsula State should come here."

In Praise of Chamberlain's Cough Remedy.

There is no other medicine manufactured that has received so much praise and so many expressions of gratitude as Chamberlain's Cough Remedy. It is effective, and prompt relief follows its use. Grateful parents everywhere do not hesitate to testify to its merits for the benefit of others. It is a certain cure for croupe and will prevent the attack if given at the first appearance of the disease. It is especially adapted to chidren, as it is pleasant to take and contains nothing injurious. Mrs. E. A. Humphreys, a well known resident and clerk in the store of Mr. E. Lock, of Alice, Cape Colony, South Africa, says: "I have used Chamberlain's Cough Remedy to ward off croupe and colds in my family. I found it to be very satisfactory and it gives me pleasure to recommend it." For sale by all druggists.

North Gainesville Thrift.

The good people of North Gainesville are keeping apace with the times, when it comes to thrift and energy.

The North Gainesville hall is the pride of the people of that section of the city, for it serves as their temple of worship, their temple of amusement—in fact, it is the center of social attraction, and as a result they keep the building in good repair. The hall will soon receive a fresh coat of paint, which will add greatly to its exterior appearance. Through the generosity of the Baird Hardware Company, five gallons of paint has been donated as a "starter," and the residents feel sure that it will be an easy matter to raise the balance.

Water Cure For Constipation.

Half a pint of hot water taken half an hour before breakfast will usually keep the bowels regular. Harsh cathartics should be avoided. When a purgative is needed, take Chamberlain's Stomach and Liver Tablets. They are mild and gentle in their action. For sale by all druggists.

Trantham–Jennings.

On the evening of Sunday, December 2, at 6 o'clock, at the home of the bride's parents, Mr. and Mrs. B. S. Jennings, Fairfield, Miss Florrie Geneva Jennings, one of Fairfield's popular young ladies, was united in the holy bonds of matrimony to Melvin M. Trantham of Fort Myers, Rev. Mr. Price, the Baptist minister of Flemington, officiating.

Miss Lula Thomas and Robert Thagard of Reddick, Miss Ruby Nettles and Elbert F. Mitchell, were the attendants.

The bride was charmingly attired in a dress of white and light-changeable silk, trimmed in ribbon and passementerie. The groom wore the conventional black.

After the ceremony the guests enjoyed a sumptuous wedding supper.

Mr. and Mrs. Trantham left on the early A. C. L. train Tuesday. They will visit several points of interest on their honeymoon, before settling down at their future home in Fort Myers, where the groom holds a responsible position.

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, causing catarrh of the bladder, or the kidneys themselves break down and waste away cell by cell.

Bladder troubles almost always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's **Swamp-Root**, the great kidney, liver and bladder remedy.

It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

ALACHUA COUNTY SCHOOLS.

List of Prizes Awarded Educational Institutions At State Fair.

Superintendent Dr. J. L. Kelley of the Board of Public Instruction for Alachua county has furnished The Sun with the list of prizes awarded the schools of the county at the recent State Fair, which is an excellent showing, considering the fact that only a very brief time was devoted in getting up the exhibit. Had it been decided a month earlier to enter the contest, the result might have been very different; but as it is, Alachua county has nothing to be ashamed of.

It will be remembered that the premium list of this fair did not provide for quality alone, but "for the largest and best" Owing to the longer time put in by other counties in collecting and preparing their exhibits, it was natural that the quantity should succeed that of Alachua county.

Alachua school, No. 23, was awarded the prize for making the largest and best individual junior high school exhibit; amount, $25. The Alachua school was also awarded The Times-Union prize for the best-written junior high school work; amount $25. This school also received a prize of $2 for the best specimen of vertical penmanship; also the best map drawing by grammar school pupil, amount, $2.

The Gainesville High School was awarded a prize for the best specimen of pen and ink work by grammar school pupil, $2; also for the best specimen of free hand drawing by pupil of the commercial department of public school, $2; also a prize for the best map of five counties by Sixth grade pupil; also a prize of $2 for the best collection of pictures characteristic of Europe; also $2 for the best collection of glass-work in numbers by any First grade pupil. The names of the successful pupils will be published later.

The prizes earned by individual schools and pupils will be delivered when a check is received from the Fair Association.

A Miraculous Cure.

The following statement by H. M. Adams and wife, Henrietta, Pa., will interest parents and others. "A miraculous cure has taken place in our home. Our child had eczema 5 years and was pronounced incurable, when we read about Electric Bitters, and concluded to try it. Before the second bottle was all taken we noticed a change for the better, and after taking 7 bottles he was completely cured." It's the up-to-date blood medicine and body building tonic. Guaranteed. 50c and $1 at all drug stores.

The New Pound.

After several months' endeavor to secure a new pound—at least to have a new pound built—for the care of cows placed under arrest, the city has a new "cow jail," which is located on East Masonic street, near the county jail, where two-legged offenders may peep through the bars and console with their associates of more inoffensive nature.

The new pound has been completed, and will be used in future for the imprisonment of cows who insist on offending the city ordinance by running at large. The old pound on East Liberty street will be abandoned.

Children's

Favorite tonic is White's Cream Vermifuge, the cure for worms and all children's diseases. It not only kills the worms, but removes the mucus and slime in which they build their nests. Its action on the child is mild and leaves him in a healthy condition. Joe Daniel, Surmac, Tenn., says that he gave one of his children White's Cream Vermifuge when the doctor thought it had colic, and from the first dose the child passed 73 worms. For sale by W. M. Johnson.

President Atkinson Returns.

C. N. Atkinson, president of the Gainesville and Gulf railroad, who has been in New York and other points East for the past few weeks, returned to this city Friday morning. He was accompanied by three gentlemen, whom it is said are stockholders in the road. They expect to remain in this section for sometime looking over the territory which is already traversed, and which it is proposed to traverse by the extension.

Notice to Our Customers.

We are pleased to announce that Foley's Honey and Tar for coughs, colds and lung troubles is not affected by the National Pure Food and Drug law as it contains no opiates or other harmful drugs, and we recommend it as a safe remedy for children and adults. J. W. McCollum & Co.

CATARRH A UNIVERSAL BLOOD DISEASE

Catarrh is usually worse in Winter, because of the cold, damp and suddenly changing climate. Colds are contracted, and neglected and as the secretions from the different inflamed membranes are absorbed into the blood the unpleasant symptoms of the disease commence. The nostrils are stopped up and a constant dropping of mucous back into the throat keeps up a continual hawking and spitting. The patient has dull headaches, ringing noises in the ears, and often slight fever and a depressed, half-sick feeling accompanies the disease. The blood becomes so fully charged with catarrhal matter that stomach troubles are brought on, the kidneys and bladder are affected, and if the blood is not purified of the poison the lungs become diseased because of the constant passage of impure blood through them. Catarrh cannot be cured with washes, sprays, inhalations and such treatment; these cannot reach the poison-laden blood where the real cause is located, and can only give temporary relief and comfort. A disease which affects the entire blood supply as does Catarrh, must be treated with a blood purifier. S. S. S. is the best remedy for Catarrh, which has grown to be a universal disease. It goes to the bottom of the trouble, rids the blood of the catarrhal matter, reinvigorates the circulation, and cures this disgusting disease permanently. When S. S. S. has purified the blood every part of the system receives a supply of fresh, healthy blood; then the inflamed membranes heal and every symptom of Catarrh passes away. Write for our book containing information about Catarrh, and ask for any medical advice you desire. No charge is made for either.

FROM PROF. CASON.

Is Well Pleased With Southern Baptist Theological Seminary.

Prof. P. Quintius Cason of Hague, one of Alachua county's former well known and efficient teachers who is now a student of the Southern Baptist Theological Seminary, Louisville, Ky., writes an interesting letter to The Sun, renewing his subscription.

Among other things, Prof. Cason says:

"I have always heard that turkeys were very pious fowls, and I now believe it, for a goodly part of thirty-three of them entered the ministry at the dining-rooms of New York Hall, Southern Baptist Theological Seminary, yesterday. Yes, the professors and their wives and all the students and their families dined together Thanksgiving day. It was an exceedingly pleasant occasion, and nearly 400 were present.

"This is a great institution, and every young Baptist preacher in the great Peninsula State should come here."

In Praise of Chamberlain's Cough Remedy.

There is no other medicine manufactured that has received so much praise and so many expressions of gratitude as Chamberlain's Cough Remedy. It is effective, and prompt relief follows its use. Grateful parents everywhere do not hesitate to testify to its merits for the benefit of others. It is a certain cure for croupe and will prevent the attack if given at the first appearance of the disease. It is especially adapted to chidren, as it is pleasant to take and contains nothing injurious. Mrs. E. A. Humphreys, a well known resident and clerk in the store of Mr. E. Lock, of Alice, Cape Colony, South Africa, says: "I have used Chamberlain's Cough Remedy to ward off croupe and colds in my family. I found it to be very satisfactory and it gives me pleasure to recommend it." For sale by all druggists.

North Gainesville Thrift.

The good people of North Gainesville are keeping apace with the times, when it comes to thrift and energy.

The North Gainesville hall is the pride of the people of that section of the city, for it serves as their temple of worship, their temple of amusement—in fact, it is the center of social attraction, and as a result they keep the building in good repair. The hall will soon receive a fresh coat of paint, which will add greatly to its exterior appearance. Through the generosity of the Baird Hardware Company, five gallons of paint has been donated as a "starter," and the residents feel sure that it will be an easy matter to raise the balance.

Water Cure For Constipation.

Half a pint of hot water taken half an hour before breakfast will usually keep the bowels regular. Harsh cathartics should be avoided. When a purgative is needed, take Chamberlain's Stomach and Liver Tablets. They are mild and gentle in their action. For sale by all druggists.

Mrs. Burnett Sus- vy Damage by Fire.

NT THERE PROMPTLY

er of the Communication t it Was at Least Twenty- tes Before an Effective Was Secured.

is in the face of a serious , if one is to judge from the s of a communication recently ed to the municipal legislature matter of failure of the city works to furnish a pres upon occasion of the partial burning of the home of Mrs. Ida Burnett, East Union street, and from the result of said failure a severe loss being sustained.

This communication, a copy of which appears below, was presented to the council by S. J. Burnett, husband of the owner of the premises in question, who asks that the city reimburse Mrs. Burnett for the loss sustained by such failure to supply water with reasonable promptness. The communication was referred to the proper committee, whom it is assumed has the matter under consideration.

The following copy of this communication explains itself:

"To the City Council of the City of Gainesville:

"Gentlemen: On November 13th, 1906, the residence of Mrs. Ida E. Burnett caught fire on the roof thereof, and at the time when the fire was discovered there was only a small part of the roof burning, and could have been extinguished with but little delay had the city fire department responded with a sufficient pressure of water to enable it to throw water on said fire on the roof. I desire to call your attention to the fact that after the fire department had arrived at this fire that there was a lapse of time thereafter of at least twenty-five minutes before there was a sufficient pressure of water to enable the fire department to get sufficient pressure to throw water on the fire, and that by reason of the want of a sufficient pressure of water the whole top of her house was burned and much of her other property was damaged and destroyed.

"I write you this, hoping that you will compensate her for her loss, caused by such failure to provide for a proper pressure as above indicated.

"S. J. BURNETT."

JOHNSON SPATES IN TROUBLE

Convicted of Maliciously Killing a Hog and Sent to Jail.

Deputy Sheriff F. S. Curl of Archer brought to this city Friday Johnson Spates, a negro who was arraigned in Justice Chamblin's court at Archer and convicted of the malicious killing of a hog belonging to Julius Lee.

Spates was sentenced to spend six months in prison for his offense, and he will be taken to the phosphate mines.

The Publisher's Claims Sustained

UNITED STATES COURT OF CLAIMS

The Publishers of **Webster's International Dictionary** allege that it "is, in fact, the popular Unabridged thoroughly re-edited in every detail, and vastly enriched in every part, with the purpose of adapting it to meet the larger and severer requirements of another generation."

We are of the opinion that this allegation most clearly and accurately describes the work that has been accomplished and the result that has been reached. The Dictionary, as it now stands, has been thoroughly re-edited in every detail, has been corrected in every part, and is admirably adapted to meet the larger and severer requirements of a generation which demands more of popular philological knowledge than any generation that the world has ever contained.

It is perhaps needless to add that we refer to the dictionary in our judicial work as of the highest authority in accuracy of definition; and that in the future as in the past it will be the source of constant reference.

ALBRIGHT'S MISFORTUNE.

Lost His Barn Thursday Night, Following Fire of Few Days Before.

The report comes of another, and a second serious loss, to J. E. Albright, who is occupying a farm about a mile and a half beyond the limits of the city, southeast.

It will be remembered that a few days ago Mr. Albright had the misfortune of a severe loss by fire, his pecan grove, orange trees and velvet bean crop having been consumed. Within less than a week he has suffered the loss of his barn with all its contents, a newly gathered crop, which, with the building, will aggregate several hundred dollars.

Friends of this unfortunate grower sympathize deeply with him.

A FATAL AFFRAY.

Two Negroes Engage in Row Near Otter Creek—One Was Killed.

Information has reached this city of an altercation between two negroes employed on a turpentine farm near Otter Creek, Levy county, Thursday night, which resulted in the death of one of the principals.

It is said that the row started over the same old thing—a woman—and after a few words guns were drawn, when one of the men was shot, dying almost instantly.

The names of the negroes could not be learned. The negro who did the killing made his escape, and has not yet been apprehended.

Card of Thanks.

The Woman's Guild of Holy Trinity Church desires to publicly express its thanks to The Gainesville Sun for its kindness in publishing notices of the bazaar recently held; to the local lodge of Elks for their kindness in proffering the use of their home; to the Gainesville Gas and Electric Power Company for installing and furnishing lights; to Mr. Albright and Mr. Shemmal for services in erection of booths, and other work; and to the general public for their patronage.

A Delightful Party.

Upon the occasion of her ninth birthday, Miss Elinor, daughter of Rev. and Mrs. T. J. Nixon, entertained about fifty of her young friends at the home of her parents Saturday afternoon. The afternoon was passed in games, during which delicious refreshments were served. The little lady was the recipient of many nice presents, and at a late afternoon hour the young guests departed, wishing Miss Nixon many happy returns of the day.

The News From Arno.

Arno, Dec. 5.—The ground is very dry, gardens suffering, roads very heavy, fall oat-sowing delayed.

There was a large attendance at Forest Grove church, at the Thanksgiving services Thursday evening. This service was given under the auspices of the Christian Endeavor Society, and was the first attempted for several years. The society, through its president, desires to express its thanks for the prompt response of the people. It is hard for your correspondent to see how anyone can claim to be a loyal citizen, much less a loyal Christian, who does not meet at the House of God on this day in response to the proclamation of the President of the United States and the Governor of this State, and render thanks to Almighty God for His manifold blessings. The Bible enjoins Christians to "be subject to the powers that be."

Miss Rita Clark, who has been spending the holidays at home, returned to her school at Bell Monday.

Mrs. M. M. May and her daughter, Miss Lessie, also Miss Rita Clark, enjoyed Thanksgiving dinner with F. P. Henderson and family.

Miss Idella McKinney spent Sunday at Forest Grove visiting friends and relatives.

Col. Furman Smith of Alachua and Miss Kunckler of Frankfort, Ky., visited F. P. Henderson's orange and kumquat grove last week.

Mr. and Mrs. Bates of Haynesworth were welcome visitors at the home of F. P. Henderson a few days ago.

Prosperous America sent more than $125,000,000 abroad for luxuries during the fiscal year ended June 30, last. These figures do not include the scores of millions of dollars spent by Americans traveling in foreign countries.

Instead of burning cotton seed to get rid of it, a practice that was followed in years gone by in some portions of the South, last year 1,500,000 tons of the cotton seed were bought from the Southern planters, for which the sum of $75,000,000 was paid.

Thomas A. Edison claims that he can make an automobile for $200 that will last for fifteen years. But why should anybody want an automobile that will last as long as that? We will all be flying in less than fifteen years from now.

The flatwoods of Taylor and Jefferson are swarming in season and out of season with parties from Georgia who pay no attention to the game laws. They are frightening away and killing the deer and turkey right under our noses. Some even slaughter squirrels by the hundreds and pickle them in barrels.—Monticello News.

The Sun is pleased to note that the Board of Trade has taken up the matter of a union depot in this city, as suggested by this paper some weeks ago. There is not a city in the State where a union passenger and freight depot is more of a public necessity, and the Board of Trade should exercise every possible effort to have the same established.

Dr. Willoughby, the well known lecturer on food products, interviewed on the subject, said: "Eggs are really the only concentrated food known. When I am pressed with work I find nothing better in sustaining power than a few eggs broken into milk and swallowed, for in all that goes to repair the waste and supply fuel they are as good as a big dinner."

Mark Twaine's new book, Eve's Diary, has been put under the ban by the Worcester, Mass., library authorities, on account of the Edenic costumes in which Eve is depicted in the book's fifty etchings. As Eve did not have the advantage of the bargain counter sales, and tariff fostered trusts with their infant industries had not yet been invented, how can these particular library custodians expect Eve to be dressed in modern costume?

A preacher came at a newspaper man in this way: "You editors do not tell the truth. If you did you could not live; your newspapers would be a failure." The editor replied: "You are right, and the minister who will at all times and under all circumstances tell the whole truth about his members, alive or dead, will not occupy his pulpit more than one Sunday, and then he will find it necessary to leave town in a hurry. The press and the pulpit go hand-in-hand with whitewash brushes and pleasant words, magnifying little virtues into big ones. The pulpit, the pen and the gravestone are the great saint-making triumvirate." And the great minister went away looking very thoughtful, while the editor turned to his work and told of the unsurpassing beauty of the bride, while in fact she was as homely as a mud fence.

CONSIDER THE HOG.

Tampa Times: Among the many other good things solemnly affirmed by the State Fair is the gratifying fact that the hogs of the fattest and finest kind can be raised more cheaply in Florida than in any other State in the Union. This is what The Times has been asserting and proving on paper for years, and now that it has for the third successive time been confirmed by the exhibition of the hogs in pens it cannot be too loudly or persistently preached to the farmers of the State.

To successively and profitably produce such hogs as bring the top prices in the market it is only necessary to start with good breeds, fence and feed them with discretion and care, raising the bulk or all of the stuff they eat on the farm where they are bred. It must, however, be borne in mind that successful hog raising calls for intelligen attention anda good deal of hard work. The creatures cannot be turned out in the woods and remain fit for the market. The hog, like any other animal, is the product of his surroundings. If he is fed plentifully, given all the pure water he can drink, he will do the rest himself.

But his feeding must be regular, the quality what he likes and will assimilate, he must have cool shade in the hot days and a place to lie sheltered from the rain and wind in bad weather to get the best results To sum up the hog situation in Florida, it is simply this: The same start in good stock, the same careful attention to cleanly and wholesome surroundings, the same regular feeding and like general care, with that exercised in those States where the hog has enriched entire communities, will produce and return more net cash here than anywhere in the world.

There is one complication here that does not occur in the corn and hog belt. Up there the combination is simpler, merely corn and hog. Here the corn costs too much, whether it is bought or raised. Other foods are cheaper and more promotive of rapid growth and health, though corn does not come amiss in the days of finishing for the packing-house. There is no reason but the inaction of the farming people of Florida why this State should not send to the Northern markets or pack at home three to five thousand cars of hogs within the next five years—each car worth a thousand dollars net at the station at the present prices.

FIRST GREAT CHRISTMAS GIFT.

"He gave His only begotten Son."

The world stands upon the threshold of that season of the year when the thought of christendom instinctively turns to the most gladsome day in the annals of recorded time—the birthday of the Saviour of the world.

We may not be able with our finite understandings to comprehend the height and depth of the great plan which came forth from the mind of the Infinite and which comprehended the redemption of the entire human race, but we find in the Inspired Word this passage of unmistakable import: "For God so loved the world, that He gave His only begotten Son, that whosoever believeth on Him should not perish, but have everlasting life."

In those words we find an epitome of the Divine plan The motive and the reason are both set forth, and while we may marvel over what was comprehended in that plan, we accept it as a great truth and know that the emerging of the world from darkness into light dates from the hour when the Star of Bethlehem flashed across the Judean sky.

Jesus Christ was therefore God's first Christmas gift to a sad and weary world. No wonder that Heaven's joybells rang! No wonder that the gates of Paradise seemed to open while angels looked down upon the scene. In that hour was born the spirit of cheer, peace on earth, and good-will toward men which has never died out during all the centuries which have passed. There have been times when its splendor has seemed dimmed, and when men appeared to forget the sentiments of that first Christmas message, but on Christmas day itself, few there are who do not count it a privilege to journey in imagination with the Wise Men of the East, to that humble cradle in the manger which the Christ-child made holy with its presence.

MORE FRAUDS AND GRAFTING.

With more land office frauds and grafting charged against the Patent Office, there would seem to be need of a thorough reorganization of those departments. There must be a winking at fraud, if not participation, by those in charge of the Government Land Office, for the clerks could hardly carry out fraudulent work without the connivance of their superiors, or if they can those over them are entirely incompetent for the work they are paid to do. The Republican officials charged with implication in the frauds have strong interests back of them which the Roosevelt administration does not seem to have been able to cope with, or else fears to fight them, "for the sake of the party." The Union Pacific and Southern Pacific railroads, with Harriman at their head, are charged with fraudulently obtaining title to thousands of acres of coal land in Wyoming and other States, and it will be interesting to note, as the evidence of fraud is produced, how much the Republican leaders, Senators and Congressmen and others have been mixed up with the matter directly or indirectly.

The corrupt ring that rules the Republican roost in Wyoming has been kept in power by the money and backing of the railroad corporations, and what would be more likely than their rendering aid in the land frauds in return. There is an ominous effort being made by corporation influence to have that dead duck, Lacey, of Iowa, appointed Commissioner of the General Land Office, who was deprived of his Congressional seat by an outraged constituency, because he declared himself "a standpatter from Standpatterville." A self-confessed tool of the tariff protected trusts is hardly the man to clean out the mess made by Harriman and his railroad corporations. The lid has been pretty effectually kept on to cover up these frauds, and what President Roosevelt needs is not a Taft to sit on the lid, but some one who will take it off and keep it off until these and all other frauds are discovered and the perpetrators punished.

A. C. L. SCHEDULE.

There has been a great deal of complaint within the past two or three weeks relative to the extreme delay in passenger trains on the Jacksonville-St. Petersburg division of the Atlantic Coast Line, which are operated over the Jacksonville and Southwestern, the Florida Southern and the Sanford and St. Petersburg branches of the system, known as the Gainesville district. These trains have been every day from one to twelve hours late, which has greatly inconvenienced the traveling public. It is said that the deficiency in locomotive facilities has been the principal cause of the delays. Others have ventured that the A. C. L. has been endeavoring to perform too great an express service with the facilities at hand, and there are several other reasons advanced. Nevertheless, whatever the reason may be, the fact is apparent, and the schedule as has been attempted is provoking, to say the least.

The traveling public would prefer one first-class train each direction a day, with that train somewhere within reason on the schedule time, than take chances on a double-daily service with no assurance as to when they may be able to move.

A BIG SPRING.

No State in the Union has larger or more numerous springs than Florida. Many of them form good-sized streams from the start and some of them are navigable. The largest spring in the State, and one of the largest and probably the best known in the United States, is Silver Spring, which is located six miles East of Ocala. This spring forms the source of the Ocklawaha river, a tributary of the St. Johns, and steamboats traversing the river enter the spring basin, which has an area of several acres. The water is from 25 to 30 feet deep and is wonderfully clear, appearing absolutely colorless.

A station for measuring the flow of the spring has been established by the United States Geological Survey. A gauge has been attached to the rowboat house at the extreme head of the spring, and daily readings are taken by Mr. T. W. Pierce, the spring keeper. Current meter measurements are made by the hydrographers of the survey. A measurement made May 28, 1906, when the station was established, determined the discharge to be 545 cubic feet per second.

Though there are now two hundred companies engaged in the manufacture of machines for moulding concrete blocks, we need not be surprised to hear of the companies organizing huge trusts.

SERMONETTES

I've seen many shadows fall on many hearts. I've seen the wreckage of the home, watched the star of hope fade from view and pass out of sight, I've listened to the sighs of spirits so sad and weary. And then I've seen the clouds rift one by one and the shadows flee like the mists of the morning. O yes—I've seen them pass away until the night was filled with stars and the day became one blaze of resplendent glory.

Senator Beveridge's book, "The Young Man and the World," is full of good things. Things like these:

Get the habit of happiness.

Utilize your enthusiasms.

The world is hungry for faith.

The young man is the future incarnate.

Let every failure merely teach you the game.

Public confidence is the young man's best asset.

Get down to earth—that is where the people live.

The world is not down on you; it is busy, that is all.

A man who won't get up when he is knocked down is of no use.

The drift of Time has brought with it the shifting sands. Rivers sometimes change their courses. Vast territories, far removed from seas and oceans, have in their soil deposits that puzzled the brain. The Great Gorge is but the history of Niagara's mighty cataract. The Grand Canyon of the Colorado is but the caprice of a waterway among the wild and scenic fastnesses of the Rockies. What we call Time is only that period necessary to the working out of tremendous destinies. The river of life moves always in stately grandeur; today a frantic torrent—tomorrow, a limpid stream. Things do not really decay—they only change. It is said! Some day my child will begin its pilgrimage to a faraway land. Some other child will romp and sport on my baby's old play ground. Thus the shifting scenes are set for the new ones that come on to play their part in life's great drama.

After thirty years of more or less continuous work, the Hudson River Tunnel from Jersey City to Manhattan Island was finished three days ahead of time. So accurate were the plans of Chief Engineer Jacobs that when the ends of the tunnel met there was not the variation of a hair in the courses of the Jersey section and the New York heading. When the hydraulic jacks sent the shield forward for the last time it was found that the joining of the two sections had been exactly in line both as to level and direction. This was a marvelous feat—and there is still one more marvelous. Destiny has its two sections. One relates to the poor, toiling heart as it digs and delves in these lower lands. The other relates to those ever-expanding and developing plans in the higher realms. Some sweet day the plan shall have been all wrought out. Somewhere and somewhen, these two sections in destiny will meet—only without variableness, neither shadow of turning.

There's sublimity in the years when we shall sit along life's river-borders, waiting for the boatman from the distant shores. Shame on him who has no honor for the veterans! Not far distant is the final camp-ground. They'll soon parque their arms and join the bivouac of the dead. Already they're listening for final taps. Soon their ear will catch the sound of the reville. There's something majestic about these old veterans. They bear the scars of war. The dust of the battlefield is on their feet. The eye shows signs of weariness—they're drooping now. But their faces are radiant—they've caught visions of the crowns of glory and palms of victory. They make ready for the last review. In the past they gave no quarter, beat no retreat, begged no furlough. They'll get an honorable discharge. The bugle sounds—the final roll is called. Along the far-flung battle-front rolls the shout of victors. They pitch their tents with the angels now. No picket guards will sound the coming of the foe. No clarion call to arms. No scenes of carnage and of death. They're commissioned to eternal rest.

This is the age of the lightning express. Distant places must be quickly reached. "Nothing succeeds like success"—that's a false philosophy. Some men's real success is but the story of their appalling failure. Get there! that's the shibboleth now. The daughter boasts of her musical tal-

And how seldom the ... man who makes this statement reflects ... that thirty years from now his son will ... be saying the same thing of him.

Christmas giving has long been and will probably continue a chief characteristic of the day's observance. By such means do love and friendship find happy expression. But with it all let us not forget the first great Christmas gift, which came from the Father of Lights with Whom there is neither variableness nor shadow of turning—a gift which is ours not only for all time but for all eternity as well.

three years, about seventy-five scholars being enrolled.

O. C. Husband and E. F. Ford have been quietly developing a spring on the latter's property with a view to establishing a bathing pool, etc. The water has been examined by State Chemist R. E. Rose, who pronounced it a "very pure water," the analysis showing traces of Cal. Sulphate; Mag. Sulphur, Sodium Chloride; Iron and Alumnia. The spring runs now about thirty-five gallons per minute, and will probably be much stronger when dug deeper. The force of it raises the water so as to run out of a 2-inch pipe sunk twenty feet. The temperature is about 70 degrees all the time, and the supply is very constant, as during the past two very dry months, it has varied hardly any in the quantity of discharge. With the help of a rain the water could be readily forced so as to supply water to the neighboring houses.

Thanks to the contributions of the members of Trinity Episcopal church, many improvements have been made during the summer in the shape of very pretty stained windows, the large east window being specially beautiful.

COLD IN WISCONSIN.

Jesse H. Goss Writes That Eighteen Inches of Snow Covers Ground.

According to a letter received by The Sun from Jesse H. Goss, under date of December 3, it is rather chilly up in Rhinelander, Wis., the letter reporting eighteen inches of snow on the ground at that time.

We Florida folks who bask in the sunshine in the very midst of the cold, blustery winter months of the North, cannot fully appreciate the blessings which are hovering over us. Florida is the grandest country in the world, summer or winter, and we have a great deal to be thankful for.

Friends of Mr. Goss, who is traveling in the interests of the Standard Oil Company, will be glad to learn that he is prospering.

INDIGESTION A CRIME.

Don't You Want a Keen Appetite and Perfect Health Once More?

Don't you want keen appetite, vigorous digestion, strong heart action, pure blood, nerves of steel, and natural strength and health restored to you once more?

If you continue to suffer with the ills of indigestion, such as headache, backaches, sleeplessness, nausea and distress after eating, specks before the eyes, despondency and nervousness, now that you have been told of the good Mi-o-na stomach tablets will do you, then your indigestion is an absolute crime.

Mi-o-na will strengthen all the organs of digestion, so that you will get from your food the nourishment that is needed to support the vital forces and strengthen the nerve powers; the flagging spirits of mind and body will be rejuvenated; hope, courage and strength will be restored.

The fact that Mi-o-na is sold under an absolute guarantee by J. W. McCollum & Co., to strengthen the digestive system and restore health, or they will refund the money, proves most clearly and strongly the great merit of this remedy.

Ask them to show you the guarantee they give with every 50-cent box of Mi-o-na. This will show their faith in the remedy, and Mi-o-na itself will soon demonstrate its health-giving qualities.

The Episcopal Bazaar.

The Woman's Guild of Holy Trinity Episcopal Church gave a bazaar in the Elks' building Wednesday evening, which was largely attended, and which was a success in every way, quite a sum being realized. The proceeds will be devoted to the building fund of the new church.

King of All Cough Medicines.

Mr. E. G. Case, a mail carrier of Canton Center, Conn., who has been in the U. S. service for about sixteen years, says: "We have tried many cough medicines for croup, but Chamberlain's Cough Remedy is king of all and one to be relied upon every time. We also find it the best remedy for coughs and colds, giving certain results and leaving no bad after effects." For sale by all druggists.

Minister's Wife Found Dead.

New Orleans, Dec. 7.— A special from Meridian, Miss., tells of the mysterious death of Mrs. Annie Nelson, wife of a Methodist minister who is attending the Meridian Male college. The woman's body was found apparently concealed in a clump of bushes. Bloodstains were found on her body but they were small, and a coroner's jury rendered a verdict that Mrs. Nelson came to her death through natural causes.

Long Tennessee Fight.

For twenty years W. L. Rawls of Bells, Tenn., fought nasal catarrh. What Has Happened and What is Going to Happen Told in Short Paragraphs So That "He Who Runs May Read" ty In The Sun.

From Friday's Daily Sun.

Captain J. W. Carter and Vernon Chitty were in the city from Micanopy yesterday.

Mesdames A. A. Taylor and Robt. L. Barton of Rocky Point were shopping in the city yesterday.

Mrs. W. H. Wightman and daughter, little Miss May, of Eve, were in the city yesterday on a visit to Mr. and Mrs. H. P. Holstein.

Albert Wood of Evinston was in the city on business yesterday. He is the senior member of the firm of Wood & Evins, general merchants.

Misses Lottie Littledale and Ruth Gay of Hawthorn have returned to their home, after a pleasant visit of a couple of days to Mr. and Mrs. H. P. Holstein.

J. Howell Sheats, who has been in this city for the past year, has gone to Tallahassee, where he will in future reside with his parents, Prof. and Mrs. W. N. Sheats.

Mr. and Mrs. Sylvester Scales of Booneville, Ind., have arrived in the city, and will spend the winter here. They are well pleased with Florida on their first visit.

William J. Milan of Spartanburg, S. C., has arrived in this city and decided to make Gainesville his home. He is a practical plumber, and has accepted a position with T. J. McEvoy.

Mr. and Mrs. D. E. Godwin, who have been residing at Fairbanks for the past year, have moved into the Browne home, East Masonic street, where they will be comfortably located in a short time.

Miss Minnie Crown arrived home yesterday, after several months spent pleasantly with friends and relatives in Richmond and Washington. She was accompanied from Jacksonville by her father, J. H. Crown.

Thos. W. Waters and Robt. I. Carraway of Donnie, and Jone Hicks and Daniel J. Stewart of Old Town, LaFayette county, were in the city yesterday on business connected with the United States land office.

G. L. Thompson and A. W. DaCosta spent Wednesday in the vicinity of Hegue on a shooting expedition. They report fine luck, having killed all the game the law will allow, which gave them a supply for their friends.

Robert Calhoun of Newark, N. J., has arrived in the city, and will remain here during the winter. This is Mr. Calhoun's second year in Gainesville, which is the best evidence that he is satisfied with this section.

Mr. and Mrs. B. H. Carter and daughter, Miss Ollie, have returned from Boonsville, Ind., where they spent a delightful summer. They are regular winter visitors here, this being their sixth consecutive year. Friends are glad to greet them.

Friends of Fulton McIntosh of Rex will regret to learn that he is quite ill. Mr. McIntosh, who has been working in South Florida, contracted malaria, which compelled him to return home, since which time he has been considered in an alarming condition.

Among the visitors to this city are Geo. D Bordette and John W. Wideman of Tallahassee, who are registered at the Brown House. Mr. Wideman was formerly a resident of this city, and for several years was principal of the Gainesville Graded and High School.

Mr. and Mrs. Chas. Dill, who have been residing at 607 S. Arredondo street for several years, will move to Waeahoota, where they have decided to make their future home. Mr. Dill has for some time been one of the efficient conductors in the employ of the Gainesville and Gulf railroad. Friends here will regret to lose them.

S. B. Doby, a progressive colored farmer of the Alachua section, was in the city yesterday. He called at The Sun office and renewed his subscription. If Alachua county had more such colored citizens as this man, the race and the county would be the better off. Always industrious, honest and attentive to his own affairs, he commands the respect of all who know him.

Mr. and Mrs. Richard Warrington of Montreal, P. Q., Canada, have arrived in the city and will spend the winter at the home of Mr. and Mrs. W. H. Robertson, East Gainesville. They are charmed with Gainesville, which they declare to be one of the most up-to-date little cities, with the best people, they have ever visited.

The Gainesville Automobile Company has an advertisement in this issue to which the attention of the public is called. This company carries regularly in stock gasoline, kerosene and gas engine cylinder oils, and has worked up a quite a satisfactory trade here. Their store is located on East Main street S., opposite the old Continental Restaurant.

Dr. H. C. Spencer and wife, who have been spending the summer on Lake Erie, have returned to their home here, and are again pleasantly located in East Gainesville. Dr. Spencer is a good friend to Gainesville and this section, as is demonstrated by the fact that he has induced a party of about ten from that section to come to Gainesville and spend the winter, several of whom may decide to locate here permanently.

Prof. T. J. McBeath of Oxford, brother of Prof. Tom F. McBeath of this city and one of the most efficient teachers in the State, has accepted a position as principal of the Island Grove school, after the expiration of his term with the Oxford school, of which he is now in charge, and will open the Island Grove school on January 2. Prof. McBeath was formerly principal of the Hawthorn school, during which time he made a splendid success and was very popular with both patrons and pupils.

From Saturday's Daily Sun.

J. W. English, the trucker and farmer of Tacoma, was in the city yesterday.

Thos. L. Hodgson and W. M. Daughtrey of Williston were among the visitors to Gainesville yesterday.

Dr. E. H. Armstong makes a special visit to Gainesville on December 28th. He will be in Alachua December 27th.

Dr. B. F. Julian, a well known physician of Archer, was in the city yesterday and made The Sun an agreeable call.

C. D. Wood of Archer, member of the firm of Hodgson & Wood, general merchants, was a business visitor to this city yesterday.

For Sale—Nice White Leghorn Cockerels; eight months old; Wilbur's Gem strain. Price $1.50 each. K. V. Merry, Micanopy, Fla.

S. B. Phifer, E. K. Anderson, A. E. Summers and W. D. Futch formed a quartette of High Springs people visiting Gainesville yesterday.

C. Y. Crawford will return today from St. Louis, where he has purchased a car of fine horses for the firm of Crawford & Davis.

Miss Susie Simpson has returned from a very pleasant visit to friends and relatives in Williamston, S. C., where she spent the summer.

Miss S. E. Williams of Sparks, Ga., has arrived in the city, and accepted a position as bookkeeper at the office of the Western Union Telegraph Company.

W. S. Stewman and daughter, little Miss Katie, returned to their home at Reddick yesterday, after a brief visit here. Mrs. Stewman has been here for several days on account of the illness of her mother, Mrs. Sam Fewell.

S. E. Slaughter of Wannee, who came to this city trading yesterday, favored The Sun with a friendly call. He reports the weather distressingly dry throughout the West End for the past few weeks, with the result that the crops are suffering.

Judge Mason yesterday issued a license to wed to C. P. Lindsay and Miss Alice Meek. These young people are well known and popular throughout the West End. The former is a resident of Wannee, while Miss Meek makes her home at Trenton.

Thos. E. Owens, a prominent attorney of Jacksonville who formerly resided here, was in the city yesterday on professional business. He left in the afternoon for High Springs. Col. Owens is well known, and has many friends throughout this section.

Fred Reinhardt and family, who have been here for the past few months, will remove to their former home at Wade. Mr. Reinhardt has conducted the Tremont House, at the corner of West Orange and North Pleasant streets, with fair success, but decided to resume business at Wade.

The household goods of Dr. H. C. Spencer, which were shipped from his former home, Ashtabula, Ohio, arrived yesterday, and were transferred to his home in East Gainesville. The shipment was accompanied by F. L. Rowley, who remained with the car, and who was eleven days on the road. He describes his trip as a rather novel one, and says he would not like to part with his experience.

At midnight Thursday pedestrians were attracted by a tremendous glare in the heavens in the southeastern section of the city, and for a time it was thought that South Gainesville was the scene of a big conflagration. It was ascertained, however, that the fire was far beyond the limits of the city, hence no relief could be given. It is supposed the forests were burning, as no report of a loss by fire was received in Gainesville yesterday.

Rev. and Mrs. J. Lawton Moon of Jacksonville spent a few hours with friends in this city yesterday. They were en route to Micanopy, where they will spend a few days with the former's relatives before going to the annual conference in Palatka. Mr. Moon was married on Thursday evening to Miss Carie Chappell, a charming young lady of Jacksonville who is very popular among the younger set, and this is virtually their honeymoon. Mr. Moon is pastor of the Milldale and Highway Methodist churches, with headquarters in Jacksonville.

From Sunday's Daily Sun:

W. E. Bell of Waldo was trading in the city yesterday.

Clarence Jones of Rocky Point was trading in the city yesterday.

Miss Ella Waits of Hawthorn was shopping in the city yesterday.

Geo. C. Snowden of Orange Heights was trading in the city yesterday.

Christmas and New Year cards in colors, beautiful designs, at this office

L. B. Rutland, a successful trucker of Irvine, was trading in the city yesterday.

Frank Dexter has returned from Rockland, R. I., where he has been for several months.

W. P. Birt and two sons of Waldo were among the visitors to the county capital yesterday.

Friends of Mrs. Henry Fewell will regret to learn that she is quite indisposed at her home.

W. J. Hodge and daughter, Mrs. Ellen Cannon, were in the city from Alachua yesterday.

Mr. and Mrs. W. H. Powell of Archer spent yesterday in this city with relatives and friends.

Call and see Crawford & Davis for a nice turnout. "They beat them all" for quality and price.

John Holly, the merchant of Arredondo, was a business visitor to Gainesville yesterday.

Mrs. Joseph Hogan of Jacksonville is in the city on a visit to her mother, Mrs. S. M. Witherspoon.

Among the prominent farmers visiting Gainesville yesterday was Hon. P. G. Ramsey of Waeahoota.

Duke Goolsby of Monteocha was among those from his section who spent yesterday in this city.

S. A. Fewell, who has been ill for some time, has gone to Reddick, where he will be the guest of relatives for a few days.

Friends of Mrs. John B. Dell will regret to learn that she is indisposed at her home on Roper avenue, East Gainesville.

Mrs. Kate B. Goore has returned from Columbia and Chester, S. C., where she has been on an extended visit to relatives.

Painters are at work on the North Gainesville Hall, which will add materially to its appearance when the "job" is completed.

Mr. and Mrs. T. J. Rivers of Bland were in the city yesterday. They called at The Sun office, Mr. Rivers renewing his subscription.

George Taylor of Palmer, superintendent of the Gainesville Peach Orchard Company, was transacting business in this city yesterday.

Friends of Chas. Dorman were pleased to see him out yesterday for the first time in several weeks. Mr. Dorman has been suffering from paralysis.

Wednesday, Dec. 12th, 1906, we will have at our stable a carload of the finest horses ever shipped to the city. Prices to suit. Call and be convinced. Crawford & Davis.

Dr. and Mrs. Bishop of Holder, who are spending a while with Dr. and Mrs. DuPass at Archer, were in the city yesterday. Dr. Bishop has recently undergone an operation, the amputation of a thumb, which was the result of blood poison. This operation was performed by Dr. DuPass, and the patient is recovering nicely.

For Sale—One iron safe in good condition, cheap for cash. Address P. O. Box 84.

I have some very fine Rhode Island Red Cockerels for sale; good strain, large, vigorous stock. Price from $1 to $2. W. A. Jones, Micanopy, Fla. Box 59.

W. W. Colson has returned from Trenton, where he has been for the past few days on a visit to relatives and friends. He reports the condition of his sister, Mrs. T. J. Love, who has been quite ill, much improved.

We have lately enlarged our Harness Department and now have as complete a line as any firm in the city. We ask the public's inspection and will positively sell as cheap as anyone can manufacture them in the city. Crawford & Davis.

J. S. Crown of Rocky Point, one of the leading farmers of that section, was in the city yesterday. He brought to market a load of several hundred bottles of syrup, the present season crop, which sold readily to the merchants at good prices.

Our cold storage rooms at Gainesville and Alachua are now open for business. We have just completed two new rooms at Gainesville and are prepared to take care of all the meat that comes. The Diamond Ice Co., R. B. Livingston, Manager.

W. T. Waters, the trucker of Hickman, is spending Sunday with his family in this city. Mr. Waters states that the movement of lettuce from his section has begun, but the crop will be light, owing to a lack of rain, which damaged the crop heavily.

The home of J. E. Hudson, North Gainesville, is being improved in appearance by the hand of the painter. Mr. Hudson recently had his home remodelled, both exterior and interior, and it is now one of the most conveniently arranged in that section, noted for its pretty and convenient homes.

Attention is called to the big "challenge sale" advertisement of The C. W. Hyde Company, which appears elsewhere in this issue. This enterprising firm is advertising special prices in holiday goods, and prospective customers would do well to call and inspect the line, which is one of the finest of its kind ever seen in this section.

Mrs. W. A. Kingsbury of Cavenois, N. Y., has arrived in the city, and will spend the winter here as the guest of her daughter-in-law, Mrs. Jas. M. Graham, who met her in Jacksonville. Mrs. Graham states that Mrs. Kingsbury's train was fifteen hours late arriving in Jacksonville. It was due there at 2 o'clock a. m., reaching destination at midnight.

Lee Graham and J. D. Stringfellow are having a good time for a few days "exploring" the wilds of the Suwannee river valley in LaFayette county, in company with W. A. Strickland and others. Mr. Strickland is rather selfish, so his friends declare, as he terms this "his party." If anyone deserves the credit it is he, however, as every year he exercises his energies to get a few friends together for a hunting and fishing trip.

The "housewarming" of the new home of Gainesville Lodge No. 990, B. P. O. E., will not only be a local affair, but will attract not only the attention, but the attendance, of members of the order and others from every section of Florida, as the program upon that occasion will be one of almost national importance, since Congressman Chas. A. Towne of New York, one of the greatest orators and most prominent men in the United States, will make the opening address.

C. Y. Crawford will return today from St. Louis, where he has purchased a car of fine horses for the firm of Crawford & Davis.

Miss Susie Simpson has returned from a very pleasant visit to friends and relatives in Williamston, S. C., where she spent the summer.

Miss S. E. Williams of Sparks, Ga., has arrived in the city, and accepted a position as bookkeeper at the office of the Western Union Telegraph Company.

W. S. Stewman and daughter, little Miss Katie, returned to their home at Reddick yesterday, after a brief visit here. Mrs. Stewman has been here for several days on account of the illness of her mother, Mrs. Sam Fewell.

S. E. Slaughter of Wannee, who came to this city trading yesterday, favored The Sun with a friendly call. He reports the weather distressingly dry throughout the West End for the past few weeks, with the result that the crops are suffering.

Judge Mason yesterday issued a license to wed to C. P. Lindsay and Miss Alice Meek. These young people are well known and popular throughout the West End. The former is a resident of Wannee, while Miss Meek makes her home at Trenton.

Thos. E. Owens, a prominent attorney of Jacksonville who formerly resided here, was in the city yesterday on professional business. He left in the afternoon for High Springs. Col. Owens is well known, and has many friends throughout this section.

Fred Reinhardt and family, who have been here for the past few months, will remove to their former home at Wade. Mr. Reinhardt has conducted the Tremont House, at the corner of West Orange and North Pleasant streets, with fair success, but decided to resume business at Wade.

The household goods of Dr. H. C. Spencer, which were shipped from his former home, Ashtabula, Ohio, arrived yesterday, and were transferred to his home in East Gainesville. The shipment was accompanied by F. L. Rowley, who remained with the car, and who was eleven days on the road. He describes his trip as a rather novel one, and says he would not like to part with his experience.

At midnight Thursday pedestrians were attracted by a tremendous glare in the heavens in the southeastern section of the city, and for a time it was thought that South Gainesville was the scene of a big conflagration. It was ascertained, however, that the fire was far beyond the limits of the city, hence no relief could be given. It is supposed the forests were burning, as no report of a loss by fire was received in Gainesville yesterday.

Rev. and Mrs. J. Lawton Moon of Jacksonville spent a few hours with friends in this city yesterday. They were en route to Micanopy, where they will spend a few days with the former's relatives before going to the annual conference in Palatka. Mr. Moon was married on Thursday evening to Miss Carie Chappell, a charming young lady of Jacksonville who is very popular among the younger set, and this is virtually their honeymoon. Mr. Moon is pastor of the Milldale and Highway Methodist churches, with headquarters in Jacksonville.

From Sunday's Daily Sun:

W. E. Bell of Waldo was trading in the city yesterday.

Clarence Jones of Rocky Point was trading in the city yesterday.

Miss Ella Waits of Hawthorn was shopping in the city yesterday.

For Sale—One iron safe in good condition, cheap for cash. Address P. O. Box 84.

I have some very fine Rhode Island Red Cockerels for sale; good strain, large, vigorous stock. Price from $1 to $2. W. A. Jones, Micanopy, Fla. Box 59.

W. W. Colson has returned from Trenton, where he has been for the past few days on a visit to relatives and friends. He reports the condition of his sister, Mrs. T. J. Love, who has been quite ill, much improved.

We have lately enlarged our **Harness Department** and now have as complete a line as any firm in the city. We ask the public's inspection and will positively sell as cheap as anyone can manufacture them in the city. Crawford & Davis.

J. S. Crown of Rocky Point, one of the leading farmers of that section, was in the city yesterday. He brought to market a load of several hundred bottles of syrup, the present season crop, which sold readily to the merchants at good prices.

Our cold storage rooms at Gainesville and Alachua are now open for business. We have just completed two new rooms at Gainesville and are prepared to take care of all the meat that comes. The Diamond Ice Co., R. B. Livingston, Manager.

W. T. Waters, the trucker of Hickman, is spending Sunday with his family in this city. Mr. Waters states that the movement of lettuce from his section has begun, but the crop will be light, owing to a lack of rain, which damaged the crop heavily.

The home of J. E. Hudson, North Gainesville, is being improved in appearance by the hand of the painter. Mr. Hudson recently had his home remodelled, both exterior and interior, and it is now one of the most conveniently arranged in that section, noted for its pretty and convenient homes.

Attention is called to the big "challenge sale" advertisement of The G. W. Hyde Company, which appears elsewhere in this issue. This enterprising firm is advertising special prices in holiday goods, and prospective customers would do well to call and inspect the line, which is one of the finest of its kind ever seen in this section.

Mrs. W. A. Kingsbury of Cavenois, N. Y., has arrived in the city, and will spend the winter here as the guest of her daughter-in-law, Mrs. Jas. M. Graham, who met her in Jacksonville. Mrs. Graham states that Mrs. Kingsbury's train was fifteen hours late arriving in Jacksonville. It was due there at 9 o'clock a. m., reaching destination at midnight.

Lee Graham and J. D. Stringfellow are having a good time for a few days "exploring" the wilds of the Suwannee river valley in LaFayette county, in company with W. A. Strickland and others. Mr. Strickland is rather selfish, so his friends declare, as he terms this "his party." If anyone deserves the credit it is he, however, as every year he exercises his energies to get a few friends together for a hunting and fishing trip.

The "housewarming" of the new home of Gainesville Lodge No. 990, B. P. O. E., will not only be a local affair, but will attract not only the attention, but the attendance, of members of the order and others from every section of Florida, as the program upon that occasion will be one of almost national importance, since Congressman Chas. A. Towne of New York, one of the greatest orators and most prominent men in the United States, will make the opening address.
